AMERICA’S HARDEST WORKING APPLIANCES.

Hotpoint.
APPLIANCE CATALOG
APPLIANCES THAT NEVER TAKE A DAY OFF.

Hotpoint® appliances are built to stand up to just about anything you can throw at them. Sometimes literally. That’s why we test every product against real-life scenarios to ensure long-lasting toughness and durability. Because the last thing you need is an appliance that can’t keep up with your busy schedule.
BUILT TO WORK JUST AS HARD AS YOU DO.

You don’t have time to worry about your appliances letting you down. That’s why every Hotpoint® product is engineered and tested to ensure years of reliable service. Now homeowners and property managers alike can focus on more important responsibilities knowing that their Hotpoint appliances will provide dependable performance, day in and day out.
AN HONEST CHOICE FOR YOUR HARD-EARNED DOLLAR.

There are times when bells and whistles are nice. But when it comes to keeping your home running smoothly, simple is usually better. That's why these Hotpoint® appliances are designed with everything you need, and nothing you don't. And you'll find a price tag that reflects our straightforward approach to value without costing you performance or reliability.
AMERICA’S HARDEST WORKING APPLIANCES

Since 1903, Hotpoint® has built appliances that get the job done right. And for nearly 120 years we’ve taken pride in seeing our name on products that make busy lives a little easier. Today, Hotpoint appliances are designed to be just as tough and durable as ever, while also keeping in mind that American families deserve a reliable choice for their hard-earned dollar.

10 REFRIGERATION 40 SPECIFICATIONS
18 COOKING 50 ADA
28 DISHWASHERS 51 WARRANTIES
32 CLOTHES CARE 52 PARTS
36 COMFORT PRODUCTS 53 NOMENCLATURES
Hotpoint® refrigerators are built to stand up to indecisive eaters, heavy snackers and frequent visitors to the fridge. Our rugged hinges, doors and handles are tested to withstand over 1,000,000 openings and closings. And reliable temperature controls keep favorite foods at the ideal conditions. So no matter what you’re craving, your Hotpoint refrigerator is ready to serve.
ROBUST HINGE DESIGN
Heavy-duty hinges are thicker than the competition to stand up to frequent use.

GALVANIZED DOORS
A tough exterior coating provides extra protection from rust.

POCKET HANDLES
The streamlined design eliminates a protruding handle and makes it easy to open the door.

ROBUST HINGE DESIGN
Heavy-duty hinges are thicker than the competition to stand up to frequent use.

GALVANIZED DOORS
A tough exterior coating provides extra protection from rust.

POCKET HANDLES
The streamlined design eliminates a protruding handle and makes it easy to open the door.

TOUGHNESS FROM THE TOP DOWN.

HPS18BTN
17.5 CU. FT. RECESSED HANDLE REFRIGERATOR
- Designed and tested to withstand real life
- LED lighting
- Pocket handles
- Adjustable wire shelves
- Upfront temperature controls

**CHEST FREEZERS**

**KNOCKS FOOD OUT COLD.**

**HCM7SM**
3.6 CU. FT. MANUAL DEFROST CHEST FREEZER
- "Power On" indicator light
- Easy-access defrost drain
- Removable basket

HCM7SMWW – White

**HCM4SM**
3.6 CU. FT. MANUAL DEFROST CHEST FREEZER
- "Power On" indicator light
- Easy-access defrost drain
- Removable basket

HCM4SMWW – White

---

**HIGH TEMP INDICATOR LIGHT**
This reliable alert lets you know if the internal temperature rises.

**EASY-ACCESS DEFROST DRAIN**
A front-facing drain is designed to make defrosting quick and effortless.

**WRAPAROUND EVAPORATOR**
Maintain consistent temperatures with an evaporator that’s designed to provide reliable cooling throughout the compartment.

**“POWER ON” INDICATOR LIGHT**
A bright indicator light shows that the freezer is operating with just a glance.
Big family gatherings are fun. Especially when everyone is treated to their favorite foods, perfectly prepared. But after a hearty meal, no one feels like scrubbing messy appliances. That’s why Hotpoint® cooking products are built to handle a large feast, and engineered to make cleanup quick and easy as you go. Now you can spend more time catching up and less time wiping down.
HEAVY STEEL GRATES
High-grade steel grates provide years of dependable, long-lasting performance.

DURABLE OVEN DOOR AND HANDLE
A scratch-resistant porcelain coating on the oven door and a strong, one-piece handle can stand up to frequent use.

BROILER DRAWER
A powerful broiler provides oven heat to achieve perfectly browned results.

ULTRA-DURABLE OVEN RACKS
Each hard-working rack has been built to support up to 30 lbs. with ease.

TURN UP THE HEAT ON TOUGHNESS.

30 LBS.

ADA COMPLIANT
Today’s kitchens need to stand up to tough challenges every single day. That’s why Hotpoint® dishwashers are built to be 24/7 workhorses. Now even the most baked-on, caked-on, left-in-the-sink-since-breakfast messes won’t stand a chance. And the days of scrubbing and pre-soaking are over. You’ll love seeing your dirtiest dishes come out completely clean from this rugged, American-made dishwasher.
WASHED AND DRY DISHES
This dishwasher includes powerful wash and dry cycles. Dishes come out clean and ready to put away.

HEAVY-DUTY/EVERYDAY WASH CYCLES
Tackle your dirtiest loads with a Heavy-Duty cycle, or choose an everyday cycle for normal loads.

HDA2100H
STANDARD TUB DISHWASHER
• 2-stage filtration with extra-fine filter
• Piranha hard-food disposer
• Hot Start option
• Water Saver cycle
• Heavy Wash cycle
• Rinse Only cycle
• 5 cycles/2 options
HDA2100HWW – White
HDA2100HBB – Black
HDA2100HCC – Bisque

HDF310PGR
ONE BUTTON DISHWASHER WITH PLASTIC INTERIOR
• Reliable performance
• Active Flood Protect
• One-button cycle operation
• Completely washed and dried dishes
• Heavy-duty/everyday wash cycles
• Hard-food disposer
• 60 dBA dishwasher
HDF310PGRWW – White
HDF310PGRBB – Black

LOADS AND LOADS OF RELIABILITY.

READY TO WORK

ACTIVE FLOOD PROTECT
PREVENTS POTENTIAL FLOODING

HARD-FOOD DISPOSER
The Piranha™ hard-food disposer uses stainless steel impellers rotating at 3,600 RPM to pulverize food particles.

ACTIVE FLOOD PROTECT
A reliable sensor detects when water is too high, then pumps it out until a safe level is reached and an overflow is prevented.

Not all features available on all models
See page 50 for ADA requirements
We know that in your house, every day is laundry day. That’s why Hotpoint® washers and dryers are built to tackle the meanest, greasiest, ground-in stains without a second thought. Now even hand-me-downs can look great again, at least for a little while.
**CORROSION-RESISTANT BASKET**
This stainless steel drum won’t rust, chip, peel or snag fabrics so favorite clothes come out looking great, load after load after load.

**3.8 CU. FT. WASHER CAPACITY**
Get more laundry done in less time with an increased capacity drum that’s been tested with 4,000 continuous large cycle loads.

**HEAVY-DUTY AGITATOR**
Powerful wash action rotates your laundry for a thorough clean every time.

**AUTO-BALANCE SUSPENSION SYSTEM**
Even with heavy loads, like towels or comforters, these washers and dryers will hold their ground without banging or shaking.

**RUGGED ON STAINS, GENTLE ON FABRICS.**

**HTW240ASK**
3.8 CU. FT. CAPACITY WASHER
- Stainless steel basket
- Heavy-duty agitator
- Precise Fill with the option of 4 water level selections
- Load Size
- Deep Rinse
- Bleach dispenser
- Rotary electronic controls with cycle status lights
- 700 RPM spin speed

HTW240ASKWS – White (with Gray Backsplash)

**HTX24EASK**
6.2 CU. FT. CAPACITY ELECTRIC DRYER
- Aluminized alloy drum
- Auto Dry
- Up to 120-ft. venting installation
- 3 heat selections
- Delicate cycle
- Rotary electromechanical controls
- Upfront lint filter
- End-of-cycle signal
- Reverse-a-door

HTX24EASKWS – White (with Gray Backsplash)

ALSO AVAILABLE IN GAS MODEL
HTX24GASKWS – White (with Gray Backsplash)

You need comfort products that can stand up to the harshest temperatures while making life easier for you. That’s why dependable units from Hotpoint® are built to enhance comfort, and simplify installation & maintenance. And—after extensive product testing from our engineers—you can expect these durable Hotpoint PTACs to provide years of reliable service, no matter the weather conditions.
4 TEMPERATURE-LIMITING OPTIONS

Reliably maintain peak efficiency and total customer comfort with four temperature ranges.

AUTOMATIC EMERGENCY HEAT

Built to keep guests comfortable with a heating option that automatically kicks in when temperatures drop and heat pumps shut down.

FREEZE AND FROST PROTECTION

Even during harsh weather, a durable indoor frost control keeps units operating in peak condition.

COMFORT IN TOUGH ENVIRONMENTS.

FEATURES

- Front/rear grates
- Porcelain-enameled grates
- Factory set for natural gas
- Ignition system: Electronic
- Ignition system: Cordless Ignition
- Power cord: 1/4" clearance to floor

ACCESSORIES

- Removable one-piece drip bowls
- Chrome, Black, Chrome, Chrome, Chrome

POWER/RATINGS

Bake/broiler BTU rating - LP (000's BTUs) 16.0
Bake/broiler BTU rating - Nat. Gas (000's BTUs) 13.0

Oven cleaning
- Standard clean

WEIGHTS AND DIMENSIONS

- Approx. shipping weight (lbs.): 170
- Dimensions from wall to front of closed oven door: 24" x 18-1/2" x 19"

20" AND 28" FREE-STANDING ELECTRIC RANGE DIMENSIONS AND INSTALLATION INFORMATION (INCHES)

- Dimensions from wall to front of closed oven door handle: 28-1/2" x 20-1/2" x 20-1/2" (H x W x D)

INSTALLATION INFORMATION

- Before installing, consult installation instructions packed with product for current dimensional data.

- All ranges are equipped with an anti-tip device. The installation of this device is an essential, required step in the installation of the range.

- All information is intended for dimensional reference only. Refer to photographs for actual product appearance.

See page 40 for warranty information.
## CLOTHES CARE SPECIFICATIONS

### GENERAL INFORMATION FOR DRYER EXHAUSTING

- **Stack Diameter (mph)**: The stack diameter should be determined based on the number of equivalent dryers operating at the same time. The stack air volume (Q) = 150 x 3,000 CFM can handle this volume while maintaining an air velocity of 1,500 mph.

### INSTALLATION INSTRUCTIONS

**MULTI-UNIT DRYER INSTALLATION**

**PRACTICAL CONSIDERATIONS**

- **CIRCUIT REQUIREMENTS**
  - **Electrical**: A dedicated, properly grounded, branch-circuit protected by a 20-Amp circuit breaker is required.
  - **Gas**: A gas dryer must be installed in a location where the gas supply is easily accessible and the gas shut-off valve is readily available.

**STACK DIAMETER**

- **Stack Diameter (mph)**: The stack diameter should be determined based on the number of equivalent dryers operating at the same time. The stack air volume (Q) = 150 x 3,000 CFM can handle this volume while maintaining an air velocity of 1,500 mph.

### CLOTHES CARE

#### CLOTHES CARE SPECIFICATIONS

**MULTI-UNIT DRYER INSTALLATION**

**Practical Considerations**

- **Circuit Requirements**
  - **Electrical**: A dedicated, properly grounded, branch-circuit protected by a 20-Amp circuit breaker is required.
  - **Gas**: A gas dryer must be installed in a location where the gas supply is easily accessible and the gas shut-off valve is readily available.

**Stack Diameter (mph)**: The stack diameter should be determined based on the number of equivalent dryers operating at the same time. The stack air volume (Q) = 150 x 3,000 CFM can handle this volume while maintaining an air velocity of 1,500 mph.

### INSTALLATION INSTRUCTIONS

**WATER SPECIFICATIONS**

- **Washer**: 27" x 27" 11-3/4" H
- **Dryer**: 22,000 BTU per hour or 40,000 BTU per hour
- **Power Cord**: 4-1/2" x 2200 CFM, 4-1/4" x 2800 CFM, 4" x 3400 CFM

**MULTI-UNIT DRYER INSTALLATION**

**Practical Considerations**

- **Circuit Requirements**
  - **Electrical**: A dedicated, properly grounded, branch-circuit protected by a 20-Amp circuit breaker is required.
  - **Gas**: A gas dryer must be installed in a location where the gas supply is easily accessible and the gas shut-off valve is readily available.

**Stack Diameter (mph)**: The stack diameter should be determined based on the number of equivalent dryers operating at the same time. The stack air volume (Q) = 150 x 3,000 CFM can handle this volume while maintaining an air velocity of 1,500 mph.

COOKING

REGULATORY AND SAFETY REQUIREMENTS

MICROWAVE OVENS

Regulation #/Description:
4.2.5—maximum high forward reach for controls and operating mechanisms is 48”, minimum low forward reach is 15”. 4.2.4 Side Reaches—If the clear floor space allows parallel approach by a person in a wheelchair, the maximum high side reach allowed shall be 54” (1370 mm) above the floor, 4.3 4.6.6—if ovens or cooktops have knee spaces underneath then they shall be insulated or operable with one hand and shall not require tight grasping, pinching, or twisting of the wrist. The force required to activate controls shall be no more than 5lbf.

DISHWASHERS

Regulation #/Description:
4.2.5—maximum high forward reach for controls and operating mechanisms is 48”, minimum low forward reach is 15”. 4.2.4 Side Reaches—If the clear floor space allows parallel approach by a person in a wheelchair, the maximum high side reach allowed shall be 54” (1370 mm) above the floor, 4.2.4 controls and operating mechanisms must be operable with one hand and shall not require tight grasping, pinching, or twisting of the wrist. The force required to activate controls shall be no more than 5lbf.

FREE-STANDING RANGES—GAS & ELECTRIC

Regulation #/Description:
4.3—maximum high forward reach for controls and operating mechanisms is 48”, minimum low forward reach is 15”. 4.2.7—controls and operating mechanisms must be operable with one hand and shall not require tight grasping, pinching, or twisting of the wrist. The force required to activate controls shall be no more than 5lbf.

REFRIGERATORS AND FREEZERS

Regulation #/Description:
4.2.5—maximum high forward reach for controls and operating mechanisms is 48”, minimum low forward reach is 15”. 4.2.4 Side Reaches—If the clear floor space allows parallel approach by a person in a wheelchair, the maximum high side reach allowed shall be 54” (1370 mm) above the floor, 4.3 4.6.6—if ovens or cooktops have knee spaces underneath then they shall be insulated or operable with one hand and shall not require tight grasping, pinching, or twisting of the wrist. The force required to activate controls shall be no more than 5lbf.

CONDITIONS

The location of controls for ranges and cooktops shall have knee spaces underneath then they shall be insulated or operable with one hand and shall not require tight grasping, pinching, or twisting of the wrist. The force required to activate controls shall be no more than 5lbf. 4.34.6.3. Provision shall be made for refrigerators which are (1) Of the vertical side-by-side refrigerator/freezer type, OR (2) Of the oven-and-under type and meet the following requirements: (a) Have at least 50 percent of the freezer space below 54” (1370 mm) above the floor. (b) Have 100 percent of the refrigerator space and controls below 54” (1370 mm).

LIMITED WARRANTY INFORMATION

(SEE WRITTEN WARRANTY FOR COMPLETE DETAILS)

The condensed list below is a convenient overview of the written warranties offered on various Hotpoint® appliances described in this document for products manufactured on or after January 1, 2006. For complete warranty details on a specific appliance model, visit hotpoint.com or contact your nearest Hotpoint appliance retailer. Hotpoint is backed by GE Appliances Service and serviced by GE Appliances Technicians. You can call GE Appliances Service at 1-800-GE-CARES (1-800-432-2737).
