This is smarter innovation.

GE Profile™

Smart connectivity
is more than a feature or a selling point — it's an expectation.

Over 50%*
of homebuyers want a home technology package when they build their home.

*Smart Products - Building the Modern Home, Parks Associates 2021

GE Profile™

Smart features.
Sophisticated designs.

At GE Profile™, innovation isn't tech for tech's sake. We design appliances to make fast-paced modern lives simpler, incorporating intelligent home technology and advanced features into every appliance.

Discover Smarter Innovation with GE Profile, bringing the latest in meaningful innovation to tech-loving Feature Seekers. **This is smarter living.**

INNOVATIONS

We're revolutionizing the way homes work with features that allow you to do more: through remote monitoring, voice activation and technology that takes the guesswork out of cooking and cleaning.

GE Profile™ CONNECT +

We're bringing the future of appliances to homes today with connected appliances that continue to get better over time via downloadable updates.

PARTNERS

We've partnered with the most innovative brands to bring the latest tech and compatibility to your home.

This is smarter cooking.

Whether you're checking in on your meal with livestreaming footage to your smartphone, or simply air frying a family favorite, GE Profile ovens are filled with features that make cooking easier.

Precision Cooking Modes
These modes automatically track progress, modify temperatures and adjust cook times for perfect results. Plus, a connected precision-cooking probe lets you track the temperature of your meat.

Steakhouse Mode
This precision cooking mode delivers edge-to-edge browning, juiciness and a flavorful finish for every steak.
Flavorly AI
Flavorly AI uses generative AI to create unique recipes based on food preferences and the ingredients available in your kitchen.
GE Profile CONNECT +
Appliances keep getting better over time with downloadable updates and features like Air Fry, Turkey Mode and more.

In-Oven CookCam™
Check inside your oven from anywhere via the SmartHQ™ app.

This is smarter chilling.

Whether it's food that's easier to find, glasses that are easier to fill, or settings you can control from your smartphone, it's time to step up your storage game with the features that make our fridges smarter than the average appliance.
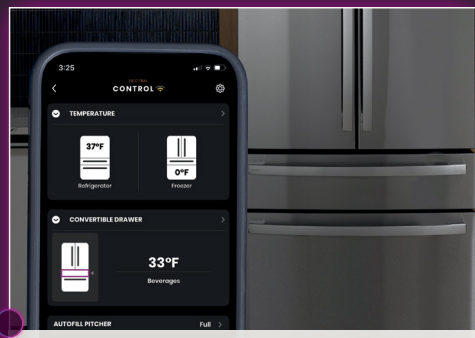

Built-In WiFi
Allows you to receive notifications, control temperatures, adjust LED light wall brightness and more from your smart device.

LED Wall
The showcase LED light wall sheds bright, uniform light throughout the interior of this refrigerator.

Sleek on the outside, smart on the inside.

-6° to 5° FREEZER

34° to 40° REFRIGERATOR

41° to 43° CHILLER

Fully Convertible Temperature Zone
Choose the best temperature for your needs in this innovative, fully convertible zone that includes Fridge, Freezer and Beverage Chiller options

DUAL-DISPENSE AUTOFILL PITCHER pours two ways.

Dual-Dispense Autofill Pitcher
Enjoy chilled, filtered water for yourself or a group with an innovative pitcher that automatically refills from a docking station and offers two convenient pouring options.

This is smarter cleaning.™

Cleaner, dryer dishes don't have to mean more work. Our UltraFresh System™ Dishwashers with built-in Microban® antimicrobial technology provide a smarter, cleaner dishwashing experience for the life of your dishwasher – no scrubbing required.

Deep Clean Washing 3rd Rack
makes it simple for you to unlock optimal wash and dry performance. Innovative dishwasher sensors and intelligent machine learning enhance and improve cycles over time.

Microban® Technology
Helps reduce 99% of bacteria growth on treated surfaces compared to untreated surfaces.

SEE THE TECHNOLOGY

Smart Assist
makes it simple for you to unlock optimal wash and dry performance. Innovative dishwasher sensors and intelligent machine learning enhance and improve cycles over time.

NORMAL DRY CYCLE

WITH DRY BOOST™

Dry Boost™ Technology
Outperforms standard heated-dry dishwashers by getting hard-to-dry items like plastics up to 3 times drier when compared to heated dry.

This is smarter cleaning.™

GE Profile has optimized cleaning so you can learn to love laundry day. From sensors that automatically adjust rinse cycles to an adaptive SmartDispense™ that intelligently dispenses detergent, you can get the ultimate clean with ultimate care.

No Load Transfer
The UltraFast Combo is designed to enhance the way you experience laundry by optimizing washing + drying all in one machine.

Complete Cycle in 2 Hours*
Wash + dry a large load of laundry in about 2 hours* without the hassle of transferring clothes between two machines.

ONE & DONE.

50% MORE
Energy Efficient Drying*
with Ventless
Heat Pump

Greater Energy Savings
50% more energy efficient drying** with Ventless Heat Pump (**Efficiency rating as compared to the requirements for ENERGY STAR qualification for standard electric dryers).

GE Profile™   smarter cleaning

This is smarter kitchen gear.

Loaded with versatile and efficient features, this Smart Indoor Smoker is designed to bring delicious, smokey flavors into the comfort of your kitchen using just a fraction of your favorite wood pellets.

Active Smoke Filtration
Turn real-wood smoke into warm air so you can prepare your favorite smoked foods inside at any time.
Flavorful Smoke Generation
Precisely control the wood pellet temperature to release the best aromatic compounds possible.

Precision Smoke Control
A combination of heat sources provides unmatched smoke control and temperature precision.

Convenient Set & Go Settings
5 adjustable smoke settings and 6 preset food settings make it easy to prepare smoked foods whenever you want.

Introducing the EcoBalance Smart Home Energy Management System.

A revolutionary, whole-home energy solution.

This is smarter living.

Imagine a world where the power to control the energy that fuels your life is in the palm of your hand. Where net zero energy independence is easily attainable and where your family and home thrive. **We did, and took a bold leap into the future**.

Profile is empowering energy independence. The EcoBalance Smart Home Energy Management System allows homeowners to generate and store their own renewable energy to power their electric energy efficient appliances and provides energy management technology to control every watt.
