# This is smarter living.

## At GE Profile™, innovation isn't tech for tech's sake.

We design appliances to make fast-paced modern lives simpler, incorporating intelligent home technology and advanced features into every appliance.

With solutions like EcoBalance™, our connected energy management system, we're empowering homeowners to reduce energy costs and carbon emissions without sacrificing performance. Discover Smarter Innovation with GE Profile, bringing the latest in meaningful innovation to tech-loving Feature Seekers.

## INNOVATIONS

We're revolutionizing the way homes work with features that allow you to do more through remote monitoring, voice activation and technology that takes the guesswork out of cooking and cleaning.

GE Profile Connect + ensures your smart appliance is always up to date. Simply connect your appliance to your home WiFi through our free SmartHQ app to manage your smart appliance, receive alerts, and download the latest software updates as soon as they are available.

## PARTNERS

We've partnered with the most innovative brands to bring the latest tech and compatibility to your home.

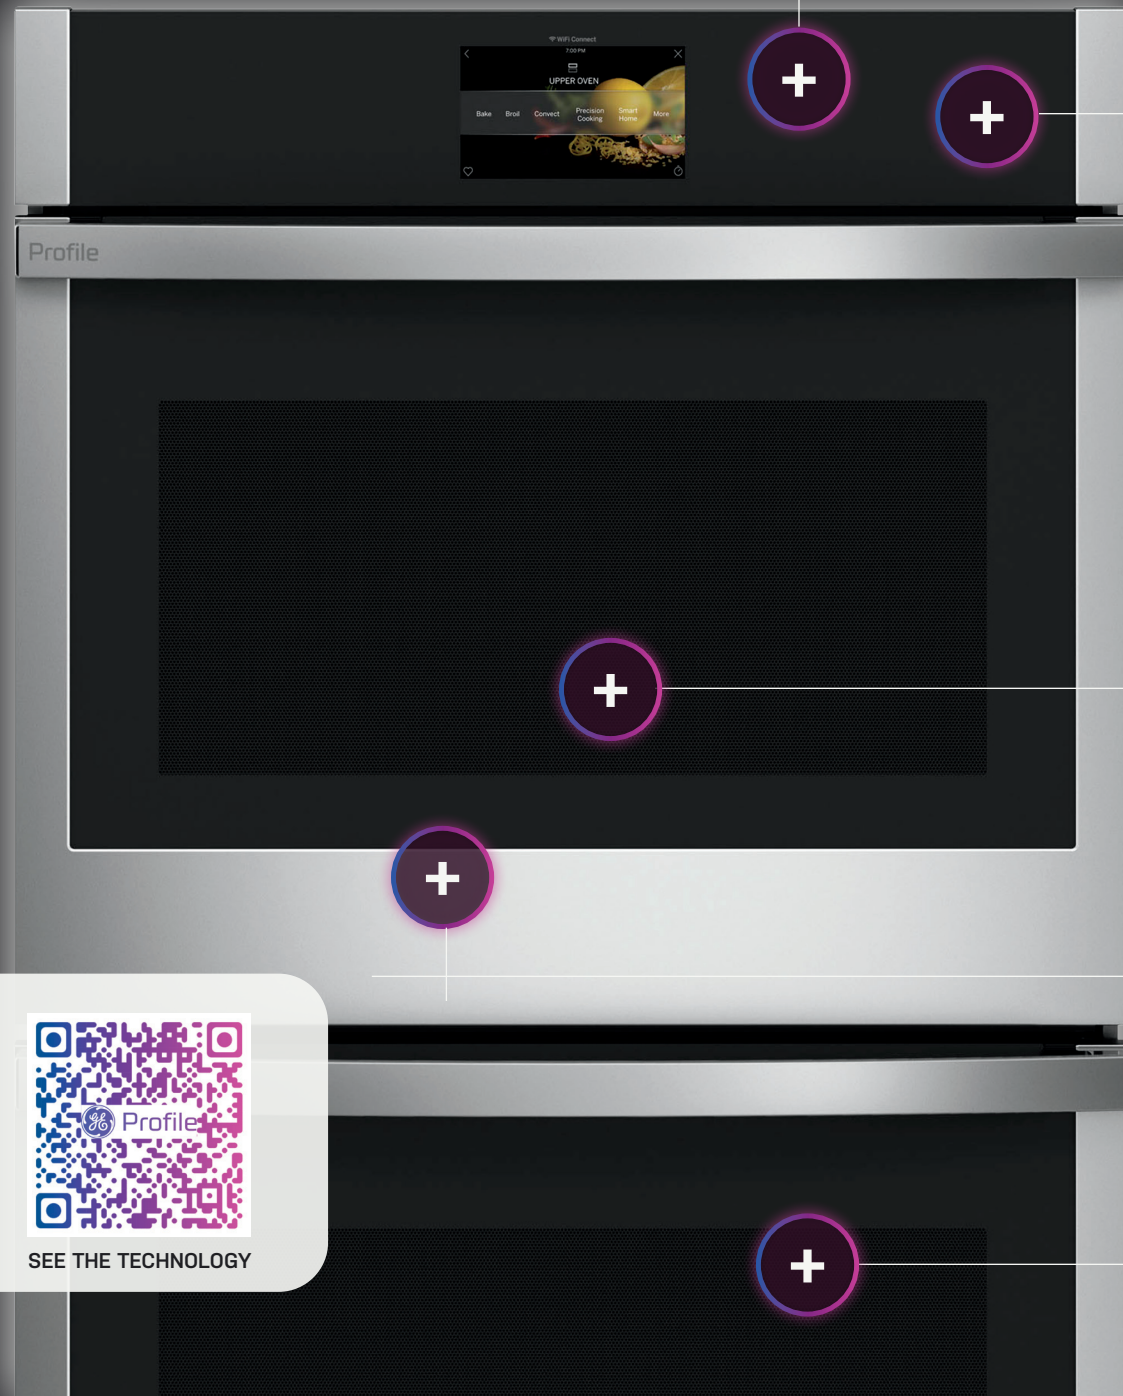

Profile is empowering energy independence. The EcoBalance Smart Home Energy Management System allows homeowners to generate and store their own renewable energy to power their electric energy-efficient appliances and the technology to control every watt. *Models with this icon are part of the EcoBalance solution.*

# This is smarter cooking.

Whether you're checking in on your meal with live-streaming footage to your smartphone, or simply air frying a family favorite, GE Profile ovens are filled with features that make cooking easier.

SEE THE TECHNOLOGY

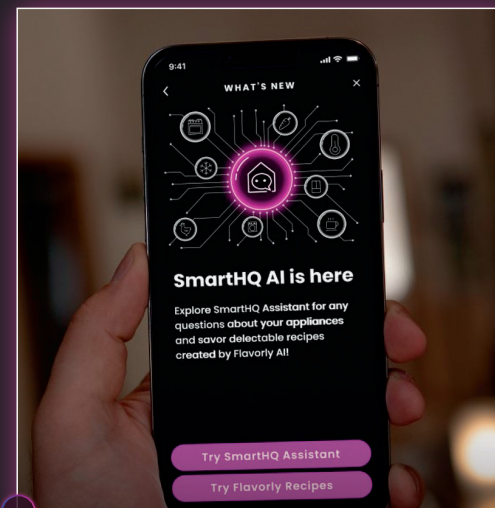

## Precision Cooking Modes

These modes automatically track progress, modify temperatures and adjust cook times for perfect results. Plus, a connected precision-cooking probe lets you track the temperature of your meat.

## Steakhouse Mode

This precision cooking mode delivers edge-to-edge browning, juiciness and a flavorful finish for every steak.

## Flavorly AI

Flavorly AI uses generative AI to create unique recipes based on food preferences and the ingredients available in your kitchen.

## In-Oven CookCam™

Check inside your oven from anywhere via the SmartHQ™ app.

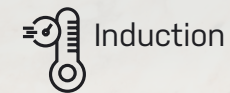

## Profile™ CONNECT +

Appliances keep getting better over time with downloadable updates and features like Air Fry, Turkey Mode and more.

# This is smarter chilling.

Whether it's food that's easier to find, glasses that are easier to fill, or settings you can control from your smartphone, it's time to step up your storage game with the features that make our fridges smarter than the average appliance.

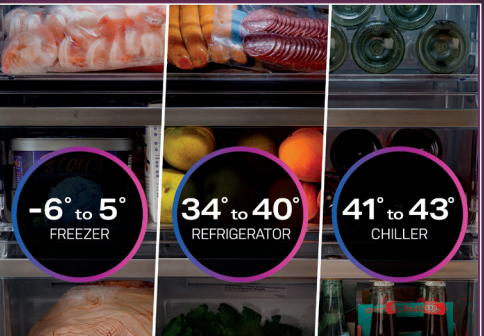

### Built-In WiFi

Allows you to receive notifications, control temperatures, adjust LED light wall brightness and more from your smart device.

### LED Wall

The showcase LED light wall sheds bright, uniform light throughout the interior of this refrigerator.

### Fully Convertible Temperature Zone

Choose the best temperature for your needs in this innovative, fully convertible zone that includes Fridge, Freezer and Beverage Chiller options.

### The Most Ice Storage In The Industry\*

Engineered to hold up to 12.5lbs of filtered ice, the largest amount of ice storage among leading competitors.

### Dual-Dispense Autofill Pitcher

Enjoy chilled, filtered water for yourself or a group with an innovative pitcher that automatically refills from a docking station and offers two convenient pouring options.

SEE THE TECHNOLOGY

\*Among leading refrigerator competitors, based on testing.

## PGE29BYTFS

### 4-DOOR DUAL-DISPENSE AUTOFILL PITCHER FRENCH-DOOR REFRIGERATOR

Finishes Available  
● Stainless

Capacity  
28.7 cu. ft.

"The AutoFill pitcher is unlike any other pitcher in the market, using the innovative Dual-Dispense feature for flexibility and using magnet sensors and intelligent software so that the pitcher stays full of 60 oz of chilled water."

– Jeff Colyer, Technical Program Manager, GE Appliances

# This is smarter cleaning.™

Cleaner, drier dishes don't have to mean more work. Our UltraFresh System™ Dishwashers with built-in Microban® antimicrobial technology provide a smarter, cleaner dishwashing experience for the life of your dishwasher – no scrubbing required.

### Deep Clean Washing 3<sup>rd</sup> Rack

This innovative third rack offers a flexible design that lets you clean a variety of items in a single load. Dedicated jets provide a targeted wash that removes stuck-on food for a next-level clean.

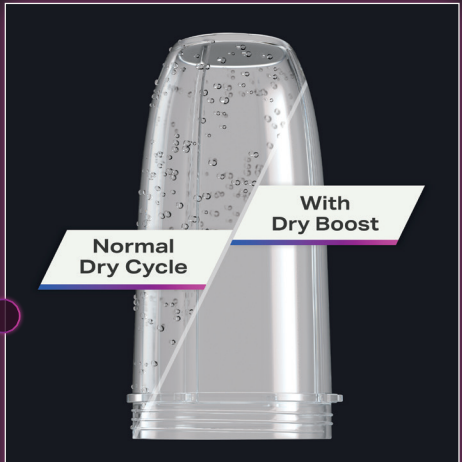

### UltraFresh with Microban® Technology

Helps reduce 99% of bacteria growth on treated surfaces compared to untreated surfaces.

SEE THE TECHNOLOGY

### Dry Boost™ Technology

Outperforms standard heated-dry dishwashers by getting hard-to-dry items like plastics up to 3x drier when compared to heated dry.

### Smart Assist

Preventative maintenance monitoring to ensure optimal washing and drying performance throughout the life of your dishwasher. Receive notifications when regular maintenance is needed and address issues before they become a problem.

# This is smarter cleaning.™

GE Profile has optimized cleaning so you can learn to love laundry day. From sensors that automatically adjust rinse cycles to an adaptive SmartDispense™ that intelligently dispenses detergent, you can get the ultimate clean with ultimate care.

**No Load Transfer**  
The UltraFast Combo is designed to enhance the way you experience laundry by optimizing washing + drying all in one machine.

**Pet Hair Removal**  
By using filtered high-speed air before the wash cycle, the Combo requires 65%\* less water and 50%\* less energy than other laundry systems\*, as it effectively vacuums and captures dry pet hair in the EZ Access two-stage lint filter.

**Complete Cycle in 2 Hours\*\***  
Wash + dry a large load of laundry in about 2 hours\*\* without the hassle of transferring clothes between two machines.

**50% MORE**  
Energy Efficient Drying\*  
with Ventless Heat Pump

**Greater Energy Savings**  
50% more energy efficient drying\*\*\* with Ventless Heat Pump.

SEE THE TECHNOLOGY

\*Comparing the default Normal cycles with Pet Hair Removal active on the GE Profile PFQ97H against the Pet Pro system on the Maytag MWW6500MBK + MED6500MBK  
\*\*Based on completing the Normal Wash + Dry cycle with Eco Dry on using a 10-lb. DOE or Mixed Load in about 2 hours. See Use & Care Manual for details.  
\*\*\*Efficiency rating as compared to the requirements for ENERGY STAR qualification for standard electric dryers

# This is smarter kitchen gear.

This is innovation that elevates everyday moments—like the Opal Nugget Ice Maker serving up crave-worthy crunch and the Indoor Smoker bringing bold flavor to your table. With GE Profile, smarter design means better experiences, every time.

**Legit Nugget Ice**  
This advanced nugget ice maker creates plenty of chewable, crunchable, craveable pellet ice that is ready fast, cools drinks quickly and is perfect for fun ice snacking.

**Rapid Ice Production**  
Enjoy your first batch of ice in 10 minutes or less from this fast ice maker that produces 1.6 pounds of ice per hour or up to 38 pounds per day.

**Fresh Batch Made Ice**  
Enjoy the freshest ice thanks to a batch-based ice system that filters and recirculates water to continually create new, fresh ice.

**Large Capacity Water Tank**  
This advanced nugget ice maker produces 3X more ice at a time and requires less frequent reservoir fills thanks to a large capacity, removable water tank.

"This isn't about tech for tech's sake.  
It's technology that creates  
efficiencies in simple tasks that save  
you time and improve your results."

— Kyran Hoff, Executive Director, Chief Engineer
