in the J.D. Power 2025 U.S. Appliance Reliability & Service Study.

GE Appliances received the highest number of awards in the J.D. Power 2025 U.S. Appliance Reliability and Service Study, based on 1-3-year-old models. Newer models may be shown. Visit [jdpower.com/awards](https://www.jdpower.com/awards) for more details.

BUILT FOR AMERICA

\$4 Billion+ Invested in America

Bigger American Investments. More American Jobs.

Behind every appliance built in our U.S. factories is an American job, a local partner, and a bold investment in the future. Headquartered in Louisville, KY, and led by American leadership, we've invested more than \$4 billion in our U.S. operations since 2016—creating jobs, strengthening communities, and delivering innovation made for real life, right here at home.

\$30.2B

contributed annually to the U.S. economy

15,500

U.S. employees

98,000

additional U.S. jobs supported

\$4.6B

spent annually with U.S. suppliers in all 50 states

Built with an American Supply Chain

Our products are built using 6,500+ American suppliers—from steel and aluminum to parts and packaging. Every dollar we invest supports the communities where we live and work.

Invested in Communities Across America

From \$2.4 million invested in education and nonprofit programs in 2024 to record-breaking company volunteerism, at GE Appliances, our people come together to make a difference where it matters most.
