BENEFITS

CONVENIENCE

Hoses included, so model can be unboxed and installed at time of delivery, hassle-free.

COST

No incremental expense to buy required hoses.

QUALITY

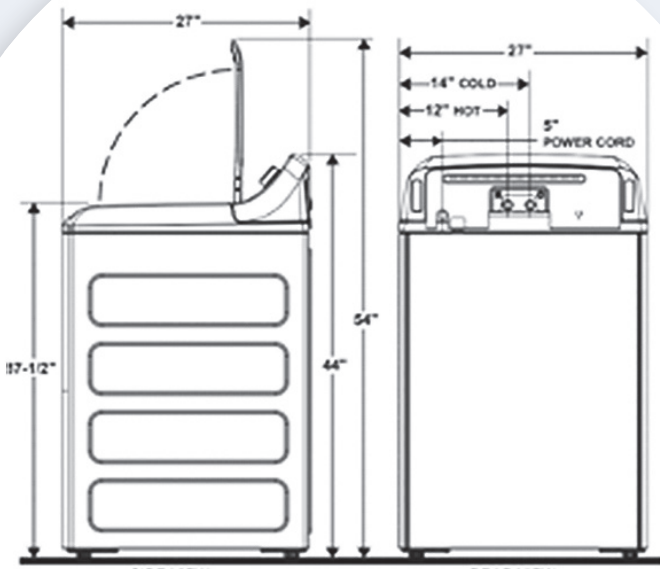

Stainless steel basket with heavy-duty agitator lasts longer, saving you cost on repairs and providing tenant satisfaction.

PERFORMANCE

PreciseFill feature gives the option of 4 water level selections + Deep Rinse.

CAPACITY

Large, 3.8-cubic-foot size lets you do more laundry in fewer loads, saving tenants time and money.

HIGH QUALITY & ALWAYS DEPENDABLE

This GE Appliances Washer and Dryer are built to last for years.

RELIABLE PERFORMANCE

Make laundry day better with water flexibility options and large capacity.

DURABLE DESIGN

Built with high-quality materials, featuring a stainless steel tub on the washer.

Q: Do you want a quality top load that is built to last?

A: The GTW220 offers a long-lasting, stainless steel finish that resists rust and won't chip or peel, or snag clothes.

Q: Do you like to have control over the amount of water used in the wash cycle?

A: This unit features PreciseFill and 4 water level selections, allowing you to select your preferred load size for the desired water level, or let the machine automatically sense the load and add the amount of water needed to ensure great cleaning results. It also offers a Deep Rinse option to ensure clothes are rinsed free of detergent, fabric softener and stubborn soils.

Q: Are you limited on space but want in-unit laundry?

A: Our unitized portfolio provides installation flexibility without the need to sacrifice on functionality, appearance, or performance.

Q: Do your owners prefer front load?

A: Our unitized portfolio provides installation flexibility without the need to sacrifice on functionality, appearance, or performance.
